Stall Rates and Rules – Keltic Fair 2018

Standard Stalls and Deep Stalls:

Stalls are guaranteed to be 8m deep. If you ticked (deep stall) on the registration form then we will try to assign you to a 10m or 12m stall. However, deep stalls are limited to the top-field only and the number of deep stalls is limited. We assign these on a first come first served basis. Deep stalls are ideal for traders with large buses or trucks stored on site.

Power:

A limited amount of mains power will be made available to certain stalls in block E and K (food stalls) for a \$10 flat fee. You will need to provide a safe outdoor extension cord from the distribution box to your stall. Power may be refused by the fair management if your equipment fails our safety checks or if your stall causes the tripping of fuses due to overloading. All cords must be certified.

Corner Stalls:

There is a very limited number of corner stalls available at the fair. Corner stalls have two frontages: the regular frontage plus trading along the other side of the stall. You can let us know if you wish to apply for a corner stall by ticking the box on the application form. We will then contact you if we have a corner stall available. Corner stalls will be charged on the longer of the two frontages.

Send in a cheque for the normal frontage you require with your initial application.

If you are successful in your application for a corner stall we will contact you and request you to send in a second cheque with the additional fee for the longer frontage. Your corner stall will be assigned only after we receive this second cheque from you within one week of assigning you a corner stall.

Overnight Passes:

Stall holders wanting to camp on site on the night of January 1st to January 3rd should indicate this on the sign up form above. There is a \$10 overnight camping fee per site per night. This fee includes two vouchers for the use of the swimming pool showers per night booked. Please indicate if you want to camp on site and which nights: night of the 1st and / or night of the 2nd of January.

Refunds and Cancellations: The fair will operate shine or rain and no refunds will be given.

If you cancel your fair booking you must let us know by email by the 10th of December by 5.00 p.m. in order to receive a refund on your booking. Cancellations after that date will not be accepted and you will lose your booking fee.

Rates: Note that rates include GST and are the same as last year.

Stall Frontage by metre. Select the frontage you require.

3m trade frontage = **\$140.00 incl. GST** (minimum size)

Additional frontage for standard stall = **\$40.00 incl. GST** per additional metre of trade frontage.

Example: you would like a 5m stall: \$140 for this first 3m plus \$80 for the additional 2m for a total of \$220 incl. GST.

Note: There is no 'ownership' of any particular location on the fairground even if you have been at that location on previous fairs. The layout of the fairground may change from fair to fair and you will have to accept the allocation made by the fair management. We try to accommodate your special requirements but cannot guarantee that we are able to do so.

By signing and sending in your application form you acknowledge and accept these rules.
