Stall Rates and Rules – Keltic Fair 2022

Stall Frontage by metre. Select the frontage you require. Please note that stall rates include GST.

3m trade frontage = **\$150.00 incl. GST** (minimum size)

Additional frontage for standard stall = **\$50.00 incl. GST** per additional metre of trade frontage.

Example: you would like a 5m stall: \$150 for this first 3m plus \$100 for the additional 2m for a total of \$250 incl. GST.

Please work out the total payable correctly from the rate sheet on the following page and include correct payment to expedite registration.

Standard Stalls and Deep Stalls:

Stalls are guaranteed to be 8m deep. If you ticked (deep stall) on the registration form then we will try to assign you to a 10m or 12m stall. However, deep stalls are limited to the top-field only and the number of deep stalls is limited. We assign these on a first come first served basis. Deep stalls are ideal for traders with large buses or trucks stored on site.

Payments for stall fees:

All stall registration requests must be matched up with a payment made by direct money transfer to

Keltic Fair, Account: 38-9010-0557698-00. NO CHEQUES ACCEPTED!

You must identify your business and name on the payment so we can match the payment with your registration form. Registrations will not be processed until payment is received. In case we cannot allocate the stall you requested we will be in touch and work with you to find the best possible alternative. If we end up allocating you a smaller stall than the one you paid for you will get a refund for the difference.

Corner Stalls:

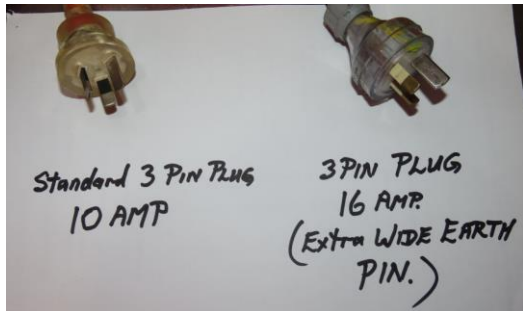

There is a very limited number of corner stalls available at the fair. Corner stalls have two frontages: the regular frontage plus trading along the other side of the stall. You can let us know if you wish to apply for a corner stall by ticking the box on the application form. We will then contact you if we have a corner stall available. Corner stalls will be charged **on the longer** of the two frontages.

Overnight Passes:

Stall holders wanting to camp on site on the night of January 1st to January 3rd should indicate this on the registration form below. **There is a \$25 overnight camping fee per site per night for up to 2 people.** This fee includes two vouchers for the use of the swimming pool showers per night booked. Please indicate if you want to camp on site and which nights: night of the 1st and / or night of the 2nd of January.

Power:

A limited amount of mains power will be made available to certain stalls in block E, K, and L (food stalls) **for a \$25 flat fee per cable plugged in.** You will need to provide a safe outdoor extension cord from the distribution box to your stall. Power may be refused by the fair management if your equipment fails our safety checks or if your stall causes the tripping of fuses due to overloading. All cords must be certified. Power will be available upon request and limited by availability. Points for plugs below are available, with outlets for plugs other than Type A limited and by prior arrangement only.
